# MANUAL PAYMENT

## When to use Manual Payment

- When credit card terminal is down
- For cash/check transactions
- Special scenarios (e.g., invoice override)

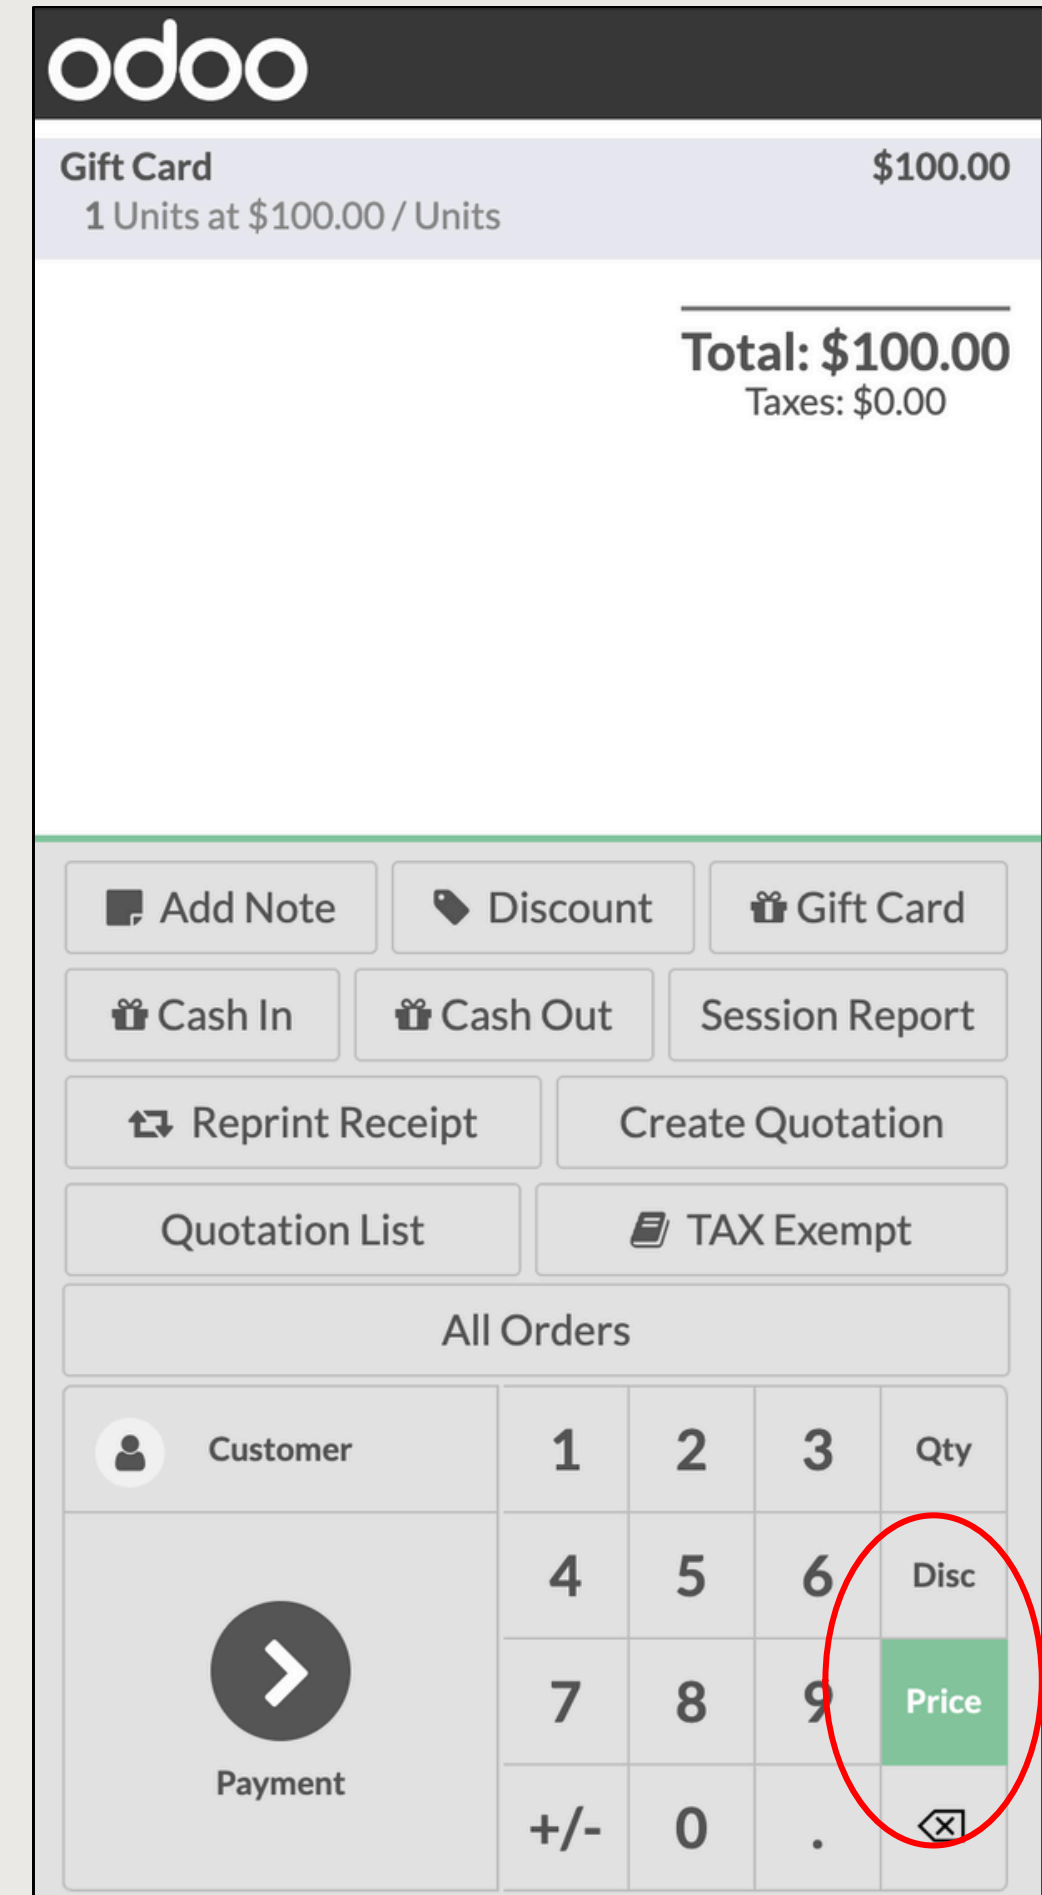

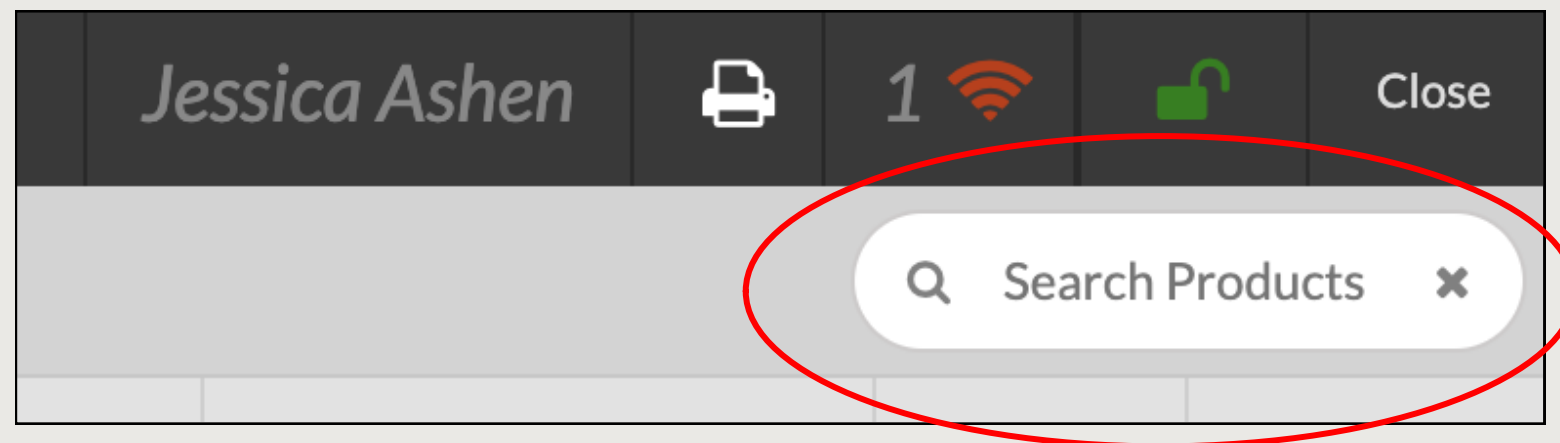

1. Click “Payment”
2. Choose “Manual” from payment options
3. Enter paid amount
4. Add optional notes (e.g., check #, invoice #)
5. Click “Validate” or “Confirm Payment”

The image shows a multi-step process for making a manual payment in the Odoo POS system. It consists of three overlapping screenshots with red numbers 1 through 5 indicating the sequence of actions.

- Step 1:** A screenshot of the main Odoo POS screen. At the bottom, there is a 'Payment' button with a hand icon, which is highlighted by a red circle and the number 1. A red arrow points from this button towards the next screen.
- Step 2:** A screenshot of the 'Payment' modal. It shows a numeric keypad on the left and two options on the right: 'Manual Payment' (with a card icon) and 'Customer' (with a person icon). The 'Manual Payment' option is highlighted by a yellow circle and the number 2.
- Step 3:** A screenshot of the 'Manual Payment' form. It has a header 'Manual Payment' and a 'Validate' button in the top right. Below the header, there are fields for 'Due' (349.72), 'Tendered' (349.72), and 'Change'. The 'Tendered' field is highlighted by a red circle and the number 3.
- Step 4:** A screenshot of the 'Card Payment' form. It has a header 'Card Payment' and a 'Confirm' button in the bottom right. Below the header, there are fields for 'Cust 1' (highlighted with a yellow circle and number 4), 'Card Number', 'MM / YY', and 'CVV'. There are also 'Cancel' and 'Confirm' buttons at the bottom.
- Step 5:** A screenshot of the 'Payment' modal, identical to the one in Step 2, showing the 'Manual Payment' and 'Customer' options.
